RATES FOR MEDIA PRODUCTIONS

The Ephesos excavation is managed by the Austrian Archaeological Institute (OeAI) of the Austrian Academy of Sciences (OeAW). We are happy to provide our scientific expertise for television and film productions and to arrange suitable interview partners. It is also possible that a member of the Ephesos excavation team accompanies your shooting and supports you in the selection of the best locations as well as in organizational matters.

For commercially exploited films, the Austrian Archaeological Institute charges for this effort. The amount benefits the research in Ephesos.

The excavation season usually takes place from the beginning of May to the end of October. During this time, the excavation team is on site. If an interview partner is needed outside of the season, and an OeAI staff member has to travel to Ephesos for this purpose, these travel expenses will be charged in full.

COSTS

- **Interview partner with scientific expertise**
EUR 220,-- per person (incl. VAT)

- **Support of the shooting by the Ephesos excavation team**
EUR 190,-- per started hour (incl. VAT)

All permits must be acquired prior to filming. The OeAI does not provide any support in attaining permits.

To schedule a date for a shooting, please contact oeai-ephesos@oeaw.ac.at as soon as possible.
