

International Workshop

Caskets of Late Antiquity

Materiality, Iconography and Identity

The workshop, part of the FWF-funded project "Caskets of Late Antiquity" (FWF P 36846-G), re-evaluates late antique caskets in the Danube region. Experts will discuss their craftsmanship, rituals, and iconography, highlighting their blend of pagan and Christian imagery and insights into late Roman society. Speakers will present new research, finds, and methods for an interdisciplinary overview.
