

Job ID: OeAI056PD122

The Austrian Archaeological Institute, Department for Prehistory & West Asian/Northeast African Archaeology (OeAI) of the Austrian Academy of Sciences (OeAW), Austria's leading non-university research and science institution, is offering a

## POSTDOC POSITION (F\*M) in Quaternary Archaeology

(full-time, 40h per week)

For a period of 1 year with the possibility of a 5-year extension (1+5 years), starting October 1, 2022.

The successful candidate will be part of the research group »Quaternary Archaeology« of Dr. Thomas Einwögerer and is expected to focus on the long-term investigation of the Palaeolithic societies with emphasis on Central Europe. At the same time the position provides the opportunity for the development of own projects in global context.

### The applicant is expected to have:

- A PhD in prehistoric archeology on a Palaeolithic topic
- A documented background of field experience on Palaeolithic (preferably Upper Palaeolithic) sites, experience in working with databases (data entry, management, and analyses), and the willingness to apply these abilities on current and future excavations
- Well-founded knowledge of the Palaeolithic in Europe
- Abilities and willingness to successfully develop and submit projects for third-party funding
- Significant experience in technotypological analysis of lithic artefact assemblages
- Abilities and willingness to participate in interdisciplinary co-operations and publication activity
- Fluent command of English and preferably German (additional language skills are desirable)
- Excellent IT knowledge (MS Office, Zoom, Adobe, GIS, CAD etc.)
- Strong ability to work in a team
- Driving license (B)

### Responsibilities:

- Participation in ongoing and future projects and field work of the research group »Quaternary Archaeology«
- Participation in the development of new projects and co-operations of the research group in Austria and Europe
- Development of own international/global projects in the field of Palaeolithic Archaeology
- Maintenance and quality control of digital bibliographies, publication repositories and longterm data archiving/repositories
- Assistance in leading the research group and its organization
- Editorial assistance of research group related publications and disseminations to the general public

### Our offer:

- Excellent opportunities to work in a lively research environment and collaborate with international experts in the fields related to the research group.
- An annual gross salary of € 54.018,02

Applications include (1) curriculum vitae, (2) list of publications, (3) statement of the applicant's research experience (max. 2 pages) as well as an outline of future research interests, (4) certificates for full academic record, and (5) three names of references with the full contact information. Please send the application in PDF format, mentioning Job ID: OeAI056PD122, to [oeai-personal@oeaw.ac.at](mailto:oeai-personal@oeaw.ac.at) **no later than June 15, 2022.**

*The Austrian Academy of Sciences (OeAW) pursues a non-discriminatory employment policy and values equal opportunities, as well as diversity. Individuals from underrepresented groups are particularly encouraged to apply.*
