HYBRID CONFERENCE

# CONTEXTS AND OBJECTS OF THE SECOND INTERMEDIATE PERIOD

**PULLING THE INFORMATION TOGETHER & PROSPECTS FOR FURTHER WORK**

This conference marks the end of the FWF START-Project  
*Beyond Politics: Material Culture in Second Intermediate Period Egypt and Nubia.*

It is devoted to presenting research results of previous years. Key areas were the regionalisation of material culture in this time span, new co-operations that will continue beyond the end of the project and several new projects of colleagues focusing on the Nile valley. The conference provides a 'snap-shot' of the current state of knowledge and highlights directions for future research specifically on various types of material culture. The knowledge gain from combining re-recording of objects from old excavations with newly excavated material will be shown.

If you would like to attend in person, please register until 26 May with [natasha.ayers@oeaw.ac.at](mailto:natasha.ayers@oeaw.ac.at)
