Supervision / Support of Database

Byzantine Pilgrimage: Bibliographic Database

The bibliographic database was compiled in correlation with the research project *For the sake of salvation and happiness in life: Studies on Byzantine pilgrimage and its origins* funded by the [Leibniz Association](#) from 2013-2016 at the RGZM. Academic supervision: The head of the project Dr. Despoina Ariantzi is taking care of the academic supervision. Recorded are over 1100 titles compiled by the project members and supplemented by Annika Post under supervision of Despoina Ariantzi. The bibliography will not be updated systematically after the end of the project. But it is intended to supplement important Subbibliographic data made known to us regularly. <http://www3.rgzm.de/pilgrimage.bibliography>.

Languages

Modern Greek (native), English (fluent), German (fluent), French (very good), Italian (good reading knowledge)

Ancient: Ancient and Medieval Greek (excellent), Latin (very good)
