

YOUNG ACADEMY EVENT:

SCIENCE DAYS 2018

PRELIMINARY SPEAKERS

CHRISTOPH BOCK (CEMM ÖAW)
SOFIA KANTOROVICH (UNIVERSITY OF VIENNA)
JULIA LAJTA-NOVAK (UNIVERSITY OF VIENNA)
RUPERT SEIDL (UNIVERSITY OF NATURAL RESOURCES AND LIFE SCIENCES VIENNA)
BEATRIZ VICOSO (IST AUSTRIA)
DAGMAR WÖBKEN (UNIVERSITY OF VIENNA)
DAGMAR WUJASTYK (UNIVERSITY OF VIENNA)

The Science Days are organized by the Young Academy with the aim that researchers across all disciplines get to know each other and their fields of research. In addition to members of the Young Academy itself, all members and employees of the Austrian Academy of Sciences and the Academy of Fine Arts Vienna will be invited.

The talks presented by members of the Young Academy will be short and leave lots of room for questions and in-depth discussion. They are dedicated to making people from all kinds of disciplines understand what the speaker's research is about, see connections to other areas of research or probable implications of research for our daily life or our society.

The event will be in English. In the evening of 1 March we will offer guided tours in the Glyptothek of the Academy of Fine Arts. Food and drinks will be provided throughout the event.

ORGANIZERS: Anna Artaker, Thorsten Schumm
Young Academy of the Austrian Academy of Sciences
