

Job ID: VID081PD222

The Vienna Institute of Demography (VID) of the Austrian Academy of Sciences (OeAW), Austria's leading non-university research and science institution, researches the demographic development in all its dimensions in Austria, Europe and the world and deals with its effects on society, economy and environment. The VID is offering a

POSTDOC POSITION (F*M)

(full-time / 40h per week)

to join the research group Demography of Austria in the team of the FWF funded research project “**Births and other life goals: complementarity or competition?**” for a duration of 9 months. This project investigates birth intentions and birth outcomes in a cross-domain life course approach using longitudinal and cross-country comparative data.

Your tasks:

- Study the connections between birth intentions and birth events on the one hand, and intentions and events pertaining to parallel life course domains (such as education, partnership, work, and residence) on the other.
- Conduct research, write and publish/submit papers in international peer-reviewed journals.
- Collaborate with other researchers within the group.

Your profile and qualifications:

- PhD in demography, social sciences, statistics or other relevant fields
- Excellent oral and written communication skills in English
- Experience with individual and aggregate-level data
- Excellent knowledge of quantitative methods, demographic data and indicators
- Experience with relevant statistics programs and packages
- Publication and research track record corresponding to the candidate's current career stage and publications focusing on fertility and family
- Being able to work independently and to collaborate with a broader research team

Earliest start of the employment is September 01, 2022.

For this position we offer an annual gross salary of € 56.861,00, according to the salary scheme of the Austrian Science Fund (FWF).

Please send your application (including a detailed CV and a letter of motivation) via e-mail to Petra Schmutz petra.schmutz@oeaw.ac.at (mentioning Job ID: VID081PD222) **no later than June 30, 2022**. Job interviews will take place either physically or via video call.

The Austrian Academy of Sciences (OeAW) pursues a non-discriminatory employment policy and values equal opportunities, as well as diversity. Individuals from underrepresented groups are particularly encouraged to apply.
