

Job ID: IMAFO133PD223

The Department of Text Edition and Source Studies/MIR of the Institute for Medieval Research ([IMAFÖ](#)) of the Austrian Academy of Sciences ([OeAW](#)) is looking for a

POSTDOC POSITION (F/M/X)

(part-time, 20h per week)

to start at the earliest possible date, but no later than December 1st, 2023 in the field of Epigraphy of the Middle Ages and Early Modern Period with a focus on Latin inscriptions for the Austrian Science Fund FWF-funded project P 35635 "Pre-Modern Inscriptions and the Shaping of Self-Conception and Self-Representation - Writing History and Blending Media at The Augustinian Canons of Klosterneuburg (PREMISES)". The position is temporary until the end of the project period (July 31st, 2026).

Your tasks:

- Documentation, editing, translation and scholarly processing of the Latin-language post-antique inscriptions of Klosterneuburg Abbey up to the year 1683 within the framework of the inter-academic long-term project Die Deutschen Inschriften (DI).
- Preparation of the processed inscriptions for online publication with the software Epigraf within the framework of Die Deutschen Inschriften Online (DIO)
- Independent research, lectures and publications on text, textual design, content and narrativity of the processed inscriptions
- Assistance in the organisation of conferences and workshops within the framework of the project

Your profile:

- Completed doctoral studies in Classical Philology
- Excellent command of Medieval Latin
- Expertise in the field of medieval theology with a focus on typological narrative structures
- Expertise in central techniques of historical research and ancillary sciences of history (epigraphy, paleography, heraldry, diplomatic)
- Knowledge of monastic historiography of the Middle Ages and the early modern period in the area of the present-day Republic of Austria
- Knowledge in the field of the reception of antiquity in the Middle Ages and the early modern period
- Recent research on the history of Klosterneuburg Abbey and the imperial residence of Vienna
- Business fluent communication in German and English, both written and spoken
- Ability to work in a team

We offer an exciting job and integration into an interdisciplinary project team. The annual gross salary is € 30.463,30, according to the salary scheme of the Austrian Science Fund FWF.

Please send the following documents as a complete PDF (letter of motivation (1 page), curriculum vitae and proof of academic degrees) by mail to andreas.zajic@oeaw.ac.at, (mentioning Job ID: IMAFO133PD223) **no later than October 15th, 2023**. For further questions, contact andreas.zajic@oeaw.ac.at.

The Austrian Academy of Sciences (OeAW) pursues a non-discriminatory employment policy and values equal opportunities, as well as diversity. Individuals from underrepresented groups are particularly encouraged to apply.
