

Job ID: ITA004ASD20

The team of the Institute of Technology Assessment ([ITA](#)) of the Austrian Academy of Sciences ([OeAW](#)) consists of researchers trained in many disciplines of the natural, technical, social and human sciences. We work interdisciplinary, both in research projects and in consulting projects for politics and society. Together we are committed to the responsible use of new technologies, think creatively in alternatives and systematically consider all relevant perspectives. To strengthen our team, we are continuously looking for

## ACADEMY SCIENTISTS (F\*M)

who are committed to participating in technology assessment projects.

In addition to the general requirements listed below, there are project-specific requirements that are clarified in individual cases if necessary.

### Your profile:

- Completed studies (at least master's degree) in humanities, technology, life- or social sciences preferably with double degree
- Excellent German and English skills needed
- Interest in interdisciplinary, technology-related questions
- Ability to work in a team

### Our offer:

- Interesting field of activity in a dynamic environment
- Flex time arrangement
- Possibility to work in an innovative team
- Numerous social benefits for employees

We offer an annual gross salary of € 40.096,- before taxes, according to the collective agreement of the Austrian Academy of Sciences (OeAW). Depending on qualification and experience, the salary can be negotiated.

We invite you to send your german application, including a letter of motivation, your curriculum vitae and certificates to the Director of ITA, PD Dr. Michael Nentwich at [tamail@oeaw.ac.at](mailto:tamail@oeaw.ac.at), mentioning Job ID: ITA004ASD20.

The job offer relates to Academy Scientist positions that will become available in the future. If we, on the basis of your profile, arrive at the assessment that your application could be of interest for a vacant Academy Scientist position, you will be contacted. By submitting your application, you consent to the keeping of your application data in evidence for a period of one year, in any case until you withdraw it. Further information on data protection may be obtained in the [data protection declaration](#) by the Austrian Academy of Sciences.

*The Austrian Academy of Sciences (OeAW) pursues a non-discriminatory employment policy and values equal opportunities, as well as diversity. The [OeAW](#) lays special emphasis on increasing the number of women in senior and in academic positions. Given equal qualifications, preference will be given to female applicants.*
