

Job ID: RICAM007JGL122

The Johann Radon Institute for Computational and Applied Mathematics ([RICAM](#)) of the Austrian Academy of Sciences ([OeAW](#)), Austria's leading non-university research and science institution in Applied Mathematics, is offering a

JUNIOR GROUP LEADER POSITION (F*M) *with focus on Control and Optimization*

(full-time, 40h per week, tenure-track option)

with starting date to be arranged.

The successful candidate is affiliated with the "Optimization and Optimal Control" Group at RICAM and is expected to take a decisive role in the developments of the group's research activities. As a junior group leader, the candidate is not only expected to advance the own research topic but also to contribute to the definition of research directions of the group and to the formulation, submission, and management of research proposals. The position is located in Linz/Austria. The initial contract will have a duration of maximum 6 years and includes a tenure-track option.

The hired person will work on optimization and control related to partial differential equations. He or she has already established a research profile which combines excellence in analytical and numerical innovation.

The position will provide the opportunity to build up an independent research team within the Optimization and Optimal Control Group at RICAM.

Your profile:

- Doctorate related to the above requirements
- Strong background and research profile in partial differential equations, control, and optimization
- Strong background and research profile in numerical mathematics and computing
- Experience with third party funding is welcome
- English skills are needed

Our offer:

- Excellent opportunities to work in a lively research environment and collaborate with international experts in the fields related to the project
- A full-time position with tenure-track option and an annual gross salary of at least € 54.661,32 according to the salary scheme of the Austrian Academy of Sciences (OeAW)
- Additional funds for a PhD or postdoc position as well as travel support will be provided

Applications with personal and scientific data and a brief statement about scientific interests and achievements should be sent by e-mail to karl.kunisch@uni-graz.at and office@ricam.oeaw.ac.at. The position will be open until adequately filled.

The Austrian Academy of Sciences (OeAW) pursues a non-discriminatory employment policy and values equal opportunities, as well as diversity. Individuals from underrepresented groups are particularly encouraged to apply.
