

Job ID: RICAM053PD222

The Johann Radon Institute for Computational and Applied Mathematics ([RICAM](#)) of the Austrian Academy of Sciences ([OeAW](#)), Austria's leading non-university research and science institution in Applied Mathematics, is offering a

POSTDOC POSITION (F*M)
in Multivariate Algorithms and Quasi-Monte Carlo Methods
(full-time, 40h per week)

for a duration of 12 months, with a negotiable starting date. For candidates with exceptional qualifications, an extension of additional 12 months can be negotiated.

The position is within the framework of the FWF-funded project P34808, "Information-Based Complexity: Beyond the Standard Settings" led by Dr. Peter Kritzer and Prof. Dr. Aicke Hinrichs, and is affiliated with RICAM, located in Linz/Austria.

The hired person should work on problems in Information-Based Complexity, Approximation Theory, and related subjects.

For further information, please contact Dr. Peter Kritzer at peter.kritzer@ricam.oeaw.ac.at

Your profile:

- Completed doctorate in mathematics or applied mathematics.
- Strong background in fields related numerical analysis, in particular Information-Based Complexity, Approximation Theory, and Multivariate Algorithms.
- Experience in mathematical research at an internationally competitive level, in publishing results in internationally refereed journals of high quality, and in giving scientific presentations at international conferences and workshops.
- Strong skills of English.

Our offer:

- Excellent opportunities to work in a lively research environment and collaborate with international experts in the fields related to the project.
- An annual gross salary of € 56.861, according to the salary scheme of the Austrian Science Fund ([FWF](#)).

Applications with personal and scientific data, a letter of motivation, and a current CV should be sent by e-mail to peter.kritzer@ricam.oeaw.ac.at (mentioning Job ID: RICAM053PD222). The position will remain open until filled.

The Austrian Academy of Sciences (OeAW) pursues a non-discriminatory employment policy and values equal opportunities, as well as diversity. Individuals from underrepresented groups are particularly encouraged to apply.
