

The Austrian Centre for Digital Humanities (ACDH-OeAW), a research department of the Austrian Academy of Sciences (Austria's leading non-university research facility), is seeking a

## **Research Infrastructures Officer (f/m)**

**(part- or full time, 50%-100%) with focus on Data & Knowledge Management**

You will join an internationally networked team, pursuing research on the border between ICT and humanities studies. The institute has a long-lasting strong involvement in European Research Infrastructure consortia, especially CLARIN and DARIAH. It acts as a broker/hub between the national and international activities.

You will work on the curation and harmonisation of distributed metadata and semantic resources (thesauri, ontologies). This comprises communication with data providers, collaboration in various international bodies and conceptual work on policy documents, best practices and strategies.

### **The ideal candidate has:**

- experience with knowledge management especially with respect to research data, including topics such as metadata quality, aggregation, formats & standards (TEI, EAD, CIDOC-CRM, ...),
- previous work experience in research infrastructures,
- excellent written and oral communication skills in both German and English,
- technical background,
- strong inclination to (digital) humanities research,
- strong analytical skills and
- willingness to travel.

The employment will start in May 2018 and initially run until 30 April 2019. The contract can be extended. In accordance with the collective agreement for employees of the Austrian Academy of Sciences, the initial monthly gross salary is € 2.715 (paid out 14 times a year, overpay possible).

Please send your application (including CV, statement of motivation and references of previous projects) by email to [acdh@oeaw.ac.at](mailto:acdh@oeaw.ac.at). The application deadline is Friday, 9 March 2018.
